ALSCO

ECOSAFE WASHER

Clean parts without solvents and without health risks

It's safer, cleans better, saves you money and it's mobile!

Now you can clean all of your engine parts quickly and without fuss. The Alsco Ecosafe Washer uses a powerful cleaning agent that attacks the toughest grease and grime yet it's safe for the environment and for hands.

The special Bioremediation process uses a water based fluid and microorganisms in a filter mat to convert hydrocarbons and chemical elements into environmentally friendly water and carbon dioxide, eliminating harmful solvents. Besides that, it's mobile – move it anywhere in the workshop.

ALSCO

ECOSAFE WASHER

SERVICE • QUALITY • VALUE • RELIABILITY

Fully managed, fully maintained Alsco Ecosafe Washer out-performs other parts cleaners

- ✔ Non toxic, non flammable
- ✔ Non addictive
- ✔ Heated, solvent free fluid
- ✔ No need for aerosol cleaners
- ✔ Non hazardous – no waste disposal
- ✔ Increased productivity – it's mobile
- ✔ No capital outlay – saves you money
- ✔ No difficult OHS management issues
- ✔ Safe on neoprene and rubber components
- ✔ No health concerns – improved employee morale
- ✔ No liabilities from employees' exposure to solvents

Just look at what our customers say:

"It's better for the environment and our employees. It saves on energy and expensive cleaners and it takes that chemical element out."

"I used to get dermatitis and the solvents were really bad for that – this doesn't hurt my hands – yet it's powerful enough for the toughest grease."

"I just bring it next to a forklift while I clean it and then just move it on for the next job."

No harmful chemicals

Common warnings found on solvents:

Skin: may cause drying, cracking, burning, dermatitis.

Breathing: concentrations of vapour may cause headaches, dizziness. Massive acute exposure may result in coma.

Swallowing: Irritation, vomiting, myocardial injury, arrhythmias.

Eyes: chronic exposure may result in conjunctivitis.

Try the Ecosafe Washer today and you won't go back to solvents
